Staff Interviews

Sara

Sara #3426 is 25 years old and is from Egypt, she speaks English, Arabic and is learning Korean. She does freelancing jobs and is a Moderator for the KSG server. Sara also makes banners for the server in her free time.

We are here to interview you as a moderator for yearbook. To start off, could you please introduce yourself?

My name is Sara (...) My role in the server is as a moderator (....) I became a Moderator Trainee in April 2022 and officially became a Moderator in July 2022.

When did you decide to become a Moderator?

I signed up at the end of March. I took the Moderator Quiz, passed and got the role.(...)

Come along with Sara with her journey of being a moderator and a mod trainee.

How was the process of applying to become a Moderator?

**(...) It was partially easy and partially hard.
The idea of taking the Moderator Quiz was
perfect because you know if you are suitable
for this position or not.(...)**

**What would you say your favorite task to
do as a Moderator is?**

Warn and Kick people *laughs jokingly*(...)

Following on from that. What is your favorite activity, club, course of the server that you like to do?

(...)She's amazing, cute, evil(...)

To take a deep dive into the interview, please visit our website to read the full interview.

Soora, the leader of K-History and a Mod trainee, a very hardworking individual who shares her happy-go-lucky demeanor with her club and server members.

Soora

(...) I have to say one thing, always read the rules. Rules are important. (...)

(...) I was being the nicest person ever and then suddenly a person came up to me and was being very rude towards me, very rude. And I was like, did I say anything that was wrong? (...)

Soora sat down with us to give us detailed insights on how she multitasks with certain things and manages to balance her life around along with the server. Here's a little preview:

(...) When i entered the server i was like I'm gonna finally focus and study Korean(...)

(...) I state listening to their old stuff and then started, like you know back before. That was regarding music, and i think it was K-Drama, i really like watching K-Drama(...)

(...) We are the Marvel team, the DC comics team. Oh we are everything, we are superheroes.

Are you studying Korean as a career approach as well? Or is it just for fun?

Professional. I didn't see it as a professional at first. But the more I study, the more I feel like oh I can do this for a living.

Black cat? Black Swan?

Now actually, the cat is white in the daytime and black in the nighttime as seen in the webtoon and BU game.

Now why would that be? It's so the cat blends into the background and doesn't "force" a decision to be made. Which is very similar to Jimin's character. Blending into the background and causing chaos at the forefront without knowing.

More Bungeoppang Please

- ◆ Over the years, the available fillings in Bungeoppang have become more varied.
- ◆ In the summer months, try ah-boong for an ice cream variation of bungeoppang. Ah-boong is a fish-shaped waffle/bread-like bungeoppang, but instead of having a filling, the mouth area is open and hollow, allowing for ice cream to be scooped or squeezed in, often with fun, colourful peaks of swirled ice cream!
- ◆ Due to the popularity of Bungeoppang, "bungeoppang map" was created to provide information on remaining stalls to enthusiasts nationwide. Through Google Maps, users mark the stalls' locations with brief reviews, prices and opening hours to share with others. ◆

The April Revolution

1960's in Korea

AFTERMATH

- During the April Revolution, a total of 186 civilians were killed and more than 6,000 were injured amid clashes with the police.
- A democratic government (the Second Republic) in July 1960 under a new Constitution was achieved only due to the supreme sacrifice made by these heroes.
- However, the new government was overthrown by a military coup that occurred in May of the following year
- The Revolution as it has come to be known is significant because it represented a reversal of Korean cultural norms, a victory of youth and idealism over age and experience.

Another creature under this category is the 계룡 also known as Korean cockatrice or chicken dragon. They are chariot-pulling beasts for important legendary figures in Korea or for the parents of legendary heroes.

One of these legends was the founding of one of the three kingdoms of Korea, the Kingdom of Silla. It was said that the princess had been born from a large egg of a cockatrice.

Dear ARMY

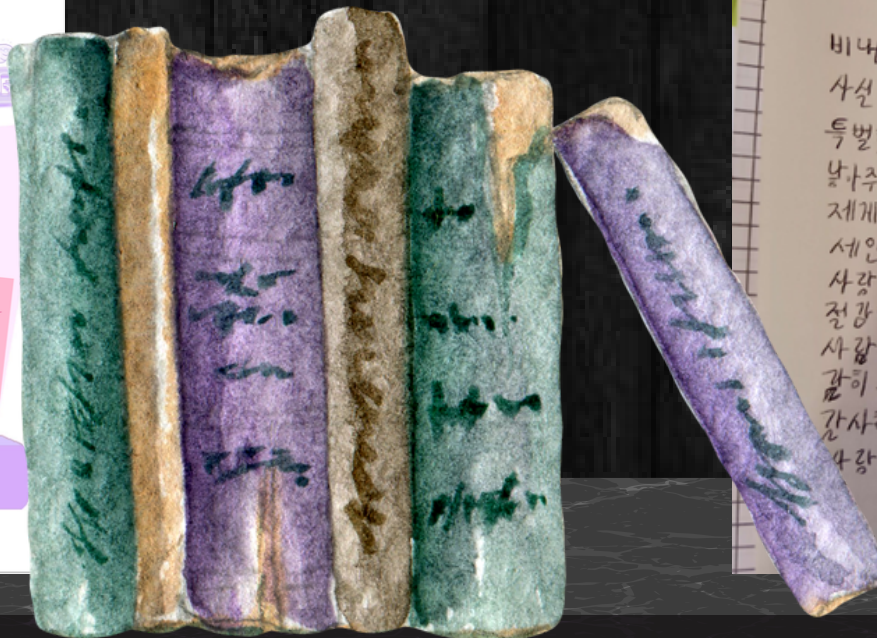

비 내리는 늦여름, 잘 지내고 계신가요?

스무 살 이전의 생일들은 잘 기억이 나지 않아요. 돌이켜보면 조금은 특별했고, 적당히 멋있습니다. 생일은 '내'가 축하받는 날이 아니라, '남아주신 부모님'께 감사해야 하는 날이란 체득한 후론 더 그랬습니다. 제게 그랬던, 담백한 9월 12일에, 벌써 7번째 넘치는 말들을 다. 셰익스피어는 "우리는 사랑하는 친구들에 의해서 알려진 자들"이라고 했습니다. 사랑하러분에 의해 알려진, 그리고 훨씬 특별해진 저의 오늘임을 새삼 절감합니다. 사랑과 사소한 선물로 제가 여러분을 알리는 사람이 될 수 있다면, 늘 그랬듯, 말들로 전시될 수 없는 마음 한 사람에게라도 더 가 닿을 수 있다면, 하는 생각을 해 봅니다. 오늘 쏟아진 모든 사랑을 목격했다고 할 순 없겠지만, 이렇게 짧은 편지로나마 감사히 받습니다. 우리가 한 시간이라도 더 행복했으면 좋겠습니다. 사랑합니다.

"Are you doing well on this rainy, late summer day?"

be honest, I don't remember my birthdays before I turned 20. If I look back on it, they were somewhat and appropriately dull. Once I realized that birthdays were for celebrating our parents that have been better than ourselves, I felt that way even more. On such a day of September 12, I've heard this over and over. Shakespeare once said, 'We've become known through the friends we love.' I realize that through you, I love, I became known and became that much more special. I'm thinking that if I become someone that make you more known through love and sincerity, the feelings that can't be expressed with words to one more person. I can't say I witnessed all of the love I was showered with today, but I'd like to still thank you with this letter. I hope we can be happy for even one more hour. I love you."

Swathu

(...) how long has the club been running?

K-Theatre is one of the oldest clubs when KSG thought about starting clubs, so I believe it was around June or July, last year.

Sneak peek into Swathu's journey with K-Theatre Club! Check out what she has to say about the leadership of the club and challenges she faced.

(...) Have you been the leader since the start then?

Yes, I have been. But lately due to personal reasons, I have not been active, but my team has been covering up for me.

At first, I was skeptical about being a leader, but I love to learn with others and even teach them.

(...)

(...) What challenges have you faced whilst being a part of leadership?

For me, the challenge I have is the time to host meetings. Before, the meetings used to be at 4 am for me, and I used to host them. (...) Another challenge I have faced is content creation, and that is because we have different levels of Korean learners in our club(...)

To take a deep dive into the interview, please visit our website to read the full interview.

Bryanna

Why did you choose this club when there are so many others to choose from?

I chose this club specifically because I was already familiar with some Korean films, and I also had interest in learning Korean. (...)

Check out what Bryanna has to say about her experience in K-Theatre Club and the reasons why she recommends joining the club!

Have you done any assignments?

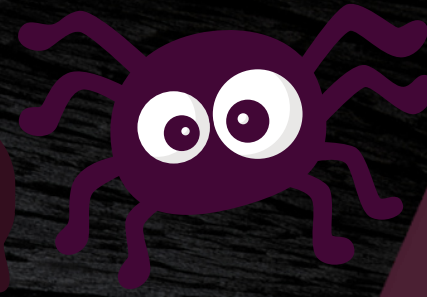

Yes, (...) my favorite assignment was from August where we got to make a review poster of a film or TV show that we chose :)

Do you have a fun memory you have made in this club?

A fun memory I have of the club is when we were watching The Witch together, there were some outlandish fighting scenes, and everyone's reaction in the chat was hilarious.

Would you recommend joining the club? (...)

I would absolutely recommend this club to anyone who's interested in films or learning Korean because it's a fun way to immerse yourself in the language, and you may not even know you're learning! (...) everyone is super nice, and club leadership does a great job of making assignments engaging and fun :)

To take a deep dive into the interview, please visit our website to read the full interview.

Richelle

Why did you choose this club when there are so many others to choose from?

Particularly, I wanted to watch K-Dramas with other people.

How long have you been in this club?

I've been in it for a couple of weeks now.

Preview into Richelle's, a newly joined member, experience in K-Theatre Club and what she would like to see in the club in future!

Have you done any assignments?

(...) we did one assignment where we had to collect five words from a movie and make a sentence using those words.

It was really fun, and I also got to learn new vocabulary which I enjoyed as well.

What do you think about the club right now?

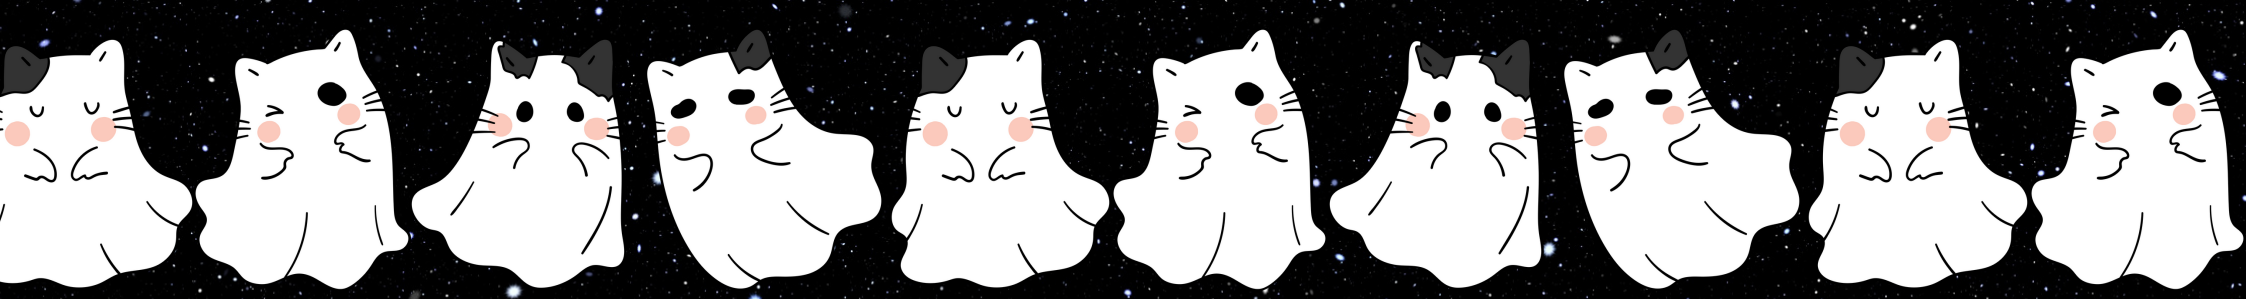

**I think it's really fun and creative and
a great way to (...).**

**Do you have any recommendations for
assignments you'd like to do in the future?**

Perhaps we could reenact (...)

## The Astronaut

우주선

The last thing the astronaut remembers seeing is the light coming towards him.

This began in the year 3075 when the last of his kind were causing unnecessary wars and hardships on the already dying population. Mars couldn't sustain any more of the irreparable damage the aliens had caused over the trillions of years inhabiting the poor planet. Earth seemed to be a mild dream, a fantasy for fools who believed that the rest of the population could easily travel to the planet and start anew.

Many citizens of Mars didn't know there was a secret facility made especially for space travel. Those that did know figured it was abandoned after an unfortunate tragedy many years ago where a group of fifteen astronauts went missing. Their trip was supposed to last five years, but they never returned.

Carlos remembers hearing this ghost story. A tale he heard late at night from his grandpa who claimed to be a part of the team supposed to receive them. His parents always shut him down, but Carlos still believed. He wanted to be an astronaut some day and find those they lost. Clues, anything. He just wanted to explore and to find answers to this grand mystery. So he snuck out, in search of this base. Night after night until he got smart and told his parents he would be staying with a friend for an entire weekend. Really he was just hiking into the wilderness until he found it. 우주선 179. He was taken aback at first, of course. This spaceship appeared to be new, but how?

He didn't waste any time, he couldn't. Carlos had to explore what he could before his time ran up and he would get caught. Surprisingly enough it only took him twenty minutes to figure out how to open the door. To his credit he didn't want to accidentally break anything, because in his mind this might become his spaceship. He needs it to be in the best shape it can be.

Evelyn (예블린)

In this activity, members had to analyze any verse from The Astronaut. They were required to do an analysis of one of the verses, with the option to do more, and for any additional submission, they were given 15 hearts. This activity had two sections:

1. What the verse meant, any significance or any underlying meaning.
2. A grammatical analysis where they were required to identify both function (subject, object, verb, topic and etc) and nature (nouns, verbs, particles, adverbs.)

You and me,  
끝나지 않을 history  
아, 나의 우주가 돼준 우리의 이야기

Analysis: In general these are very sweet lyrics. Basically implying the existence of this new person changing the course of the singer's life. The relationship holds so much of this person's past that it simultaneously became such a huge part of their everyday life. In terms of BTS and ARMY, it really is a symbiotic relationship. Together we've made history and a bond that is so strong and enriching that it's impossible to ignore. The lyrics hold so much respect and tenderness that I cannot even begin to express my gratitude for a member of the family known as ARMY.
