

July Interviews

Interviewee: Hanna

Capacity: Club Member

Hello Hanna, how are you today? We are here to interview as a club member of the Singing Club. To start off, could you please introduce yourself?

Hello, I am Hanna and I am from the Singing Club!

Why did you choose this club, when there are so many others to choose from?

Oh, It is quite simple for me, because I chose this club for only one reason. I love singing and I thought singing with others would be even more fun.

How long have you been in this club?

I have been here since the beginning of the club. I think it has been a year.

What's your favorite thing about the club?

I really adore that every month we have different activities and I think the atmosphere in the club itself.

What is a fun memory you have in this club?

Ooh, that's a tricky question. I think it would be the first time we had to divide ourselves into (singing) groups. It was so much fun, we had to create our group name and divide lyrics between us and of course, to meet new friends.

What are the interesting things you've learnt in the club and name something you've gained!

I think I gained more courage to show my talent to others. I have also learnt more on how to rap smoothly and how to breathe properly while singing.

**How are club leadership?**

Club leadership, for me, is very nice, helpful and well-organized. I really like talking with them. I think that this club couldn't have gotten a better leadership team, because their passion for organizing all these things is very big.

How do you like the assignments?

The assignments are very creative and diverse. Everyone can find something they will like. The most important thing is that it is taken care of every time so that no one is excluded and that everyone can work with each other at least once.

Do you receive feedback for the assignments?

Sometimes, if we really want feedback, then we do ask our leadership. Personally speaking, I myself have written to leadership regarding feedback and was always pleased with their remarks or comments.

What are the things you don't like about the club or things you wish to change?

The only thing that I would like to change is something that is unfortunately beyond (their) control, and it is the involvement of others, because there are people who don't necessarily engage enough in my opinion.

Would you recommend joining the club?

I would recommend this club for everyone who likes to sing or wants to sing for pure fun. I also recommend the club to those who are a little shy or feel like they are not talented, not everyone needs to have amazing talent to sing.
