**Hello Richelle, how are you today?**

I'm good!

**We are here to interview as a club member for K-Theatre Club. To start off, could you please introduce yourself?**

I'm Richelle. I'm 20 years old, and I'm from Alabama!

**Why did you choose this club when there are so many others to choose from?**

In particular, I wanted to watch K-Dramas with other people.

**How long have you been in this club?**

I've been in it for a couple of weeks now.

*Griz: Not that long. [laughs]*

Yes, not long. I've been to two meetings so far.

**What is the most favorite thing you have watched so far?**

I loved watching Frozen, and now we are going to watch Lilo and Stitch.

**Have you watched them before?**

Yes, I have watched them before.

**Was it in Korean audio?**

No, it was in English with Korean subtitles.

**What did you think of the concept?**

I found it amazing because I have never watched a movie in Korean before, and I particularly liked how their singing was exactly the same as English versions.

**You said you've never watched a Korean movie; have you watched any Korean-related things before joining K-Theatre Club?**

Yes, I haven't watched a Korean movie. However, I am quite fond of Korean dramas.

**Have you done any assignments?**

I was there last week, and we did one assignment where we had to collect five words from a movie and make a sentence using those words.

**How did you find that assignment?**

It was really fun, and I also got to learn new vocabulary which I enjoyed as well.

**You said you attended 2 meetings. Were both of these in this month?**

Yes, I believe it was either one or two.

**What do you think about the club right now?**

I think it's really fun and creative and a great way to make friends. I can not wait to watch more and do more assignments!

**What about the club as a whole? What's your favorite part about the club?**

My favorite is definitely watching K-Dramas or movies and discussing different thoughts, opinions and theories with other members.

**This is really early on to ask this question, but do you have a fun memory you have made in this club?**

For now, I would say revisiting cartoon movies because I have not watched these movies for a very long time, and it is refreshing or nostalgic to watch them again.

**How are you finding the club leadership team?**

I really like Soora since she is really fun and nice to talk to.

**You mentioned you do assignments during the meeting. Do you have any recommendations for assignments you'd like to do in the future?**

Perhaps we could reenact a movie scene in Korean. I think that would be fun.

**What would you like to watch in the future?**

I would like to watch *Tangled*.

**What were your expectations going into this club?**

Just to have fun and to make new friends.

**I'm guessing this meets your expectations?**

Yes, it does.

**What are the things you don't like about the club or things you wish to change?**

I wish we could watch the entire movie in one meeting rather than only watching the first forty minutes of the movie.

**Would you recommend joining the club? If so, why?**

Of course! It is a great way to meet new people and make friends while also watching movies and K-Dramas.

**Thank you for the interview, Richelle.**
